ABOUT ME

B.Tech Computer Science (AI & ML) student at GITAM University with a CGPA of 9.0, currently pursuing a BS in Data Science from IIT Madras. Skilled in building real-world solutions using Python, OCR, and web technologies, with experience in hackathons and project-based development. Interested in AI-driven systems, data processing, and problem-solving.

EDUCATION

GITAM UNIVERSITY

Bachelor of Technology (B.Tech) in Computer Science and Engineering – Artificial Intelligence & Machine Learning (AIML)
III Semester | CGPA: 9.0 | Expected Graduation: 2028

2024-2028

INDIAN INSTITUTE OF TECHNOLOGY, MADRAS (IITM)

BS in Data Science and Applications
Completed: Foundation Level (1 Year) | Currently Pursuing:
Diploma Level

2024-NOW

SRI CHAITANYA JUNIOR KALASALA

Score: 98.3%

2022-2024

KENDRIYA VIDYALAYA

Class X (CBSE), 2022 | Score: 90%

2012-2022

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, SQL, HTML, CSS
- Web Development: Responsive Web Design, Frontend Development, Bootstrap, UI/UX Design, Interactive Web Interfaces
- Tools & Platforms: GitHub, Vercel, FastAPI, Arduino, VS Code
- AI & Data Science: AI Prompt Engineering, Data Analysis, Data Visualization, OCR Processing, Problem Solving
- Database & Backend Concepts: SQL Queries, API Integration, Basic Backend Development
- Productivity & Collaboration Tools: Microsoft Office Suite, Excel, Google Sheets, Google Slides, Presentation Design
- Soft Skills: Analytical Thinking, Team Collaboration, Communication, Leadership, Creative Problem Solving

CERTIFICATIONS

- IIT Madras BS in Data Science-Foundation Level Completed (Diploma Level Ongoing)
- International Physics Competition (2026) – Qualified for Qualification Round
- Hackathon Participation (Hack With India (2026)) – Received participation certification for contributing to the concept proposal “CFO Helper”
- AWS Foundations of Prompt Engineering (2025) – AWS
- Create Informative Presentations with Google Slides – Coursera
- Everyday Excel, Part 1 – University of Colorado Boulder
- Introduction to Computers and Office Productivity Software – HKUST
- Professional Emails in English – Georgia Tech

PROJECTS & TECHNICAL EXPERIENCE

TAPASWI NGO WEBSITE (ONGOING)

- Developing and maintaining the Tapaswi NGO website using HTML, CSS, and Bootstrap
- Designing and updating key sections like ElderCare, donation, and volunteer pages
- Implementing SEO techniques (meta tags, keywords) to improve visibility and user reach

PERSONAL PORTFOLIO WEBSITE (2026)

- Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript with modern UI/UX features, animations, and interactive sections
- Deployed portfolio using Vercel with GitHub integration for updates and version control

AI TRADE DOCUMENT VALIDATOR (DP WORLD HACKATHON(MAR 2026))

- Selected among Top 15 teams out of 45
- Built OCR-based system for extracting and structuring trade documents
- Tech: Python, FastAPI, Tesseract OCR

INDIA SPACE ACADEMY – ONLINE INTERNSHIP (FEB 2026)

- Completed an online internship focused on exoplanet science and astrophysical analysis
- Developed a project on Proxima Centauri b, calculating orbital speed, mass estimates, and planetary parameters using astrophysical formulas
- Applied concepts of orbital mechanics and numerical computation to derive scientific insights from theoretical data
- Gained exposure to exoplanet detection methods, data analysis, and space science research techniques

HACKATHON PARTICIPATION : DEVNOVATE – HACK WITH INDIA(FEB 2026)

- Proposed “CFO Helper”, a concept designed to assist finance leaders with automated insights and decision support
- Collaborated in a team to refine problem statements, develop solution ideas, and improve feasibility in a competitive environment
- Applied structured thinking and ideation techniques to address real-world financial workflow challenges

VIRTUAL PROPERTY VIEWING (CONCEPT PROPOSAL) – GITAM UNIVERSITY (JAN 2025 – APR 2025)

- Proposed “CFO Helper”, a concept designed to assist financial leaders with automated insights and decision support
- Contributed to ideation and problem structuring for building data-driven solutions in finance workflows
- Collaborated in a team environment to refine use cases, improve solution feasibility, and present the concept effectively
- Strengthened skills in analytical thinking, problem-solving, and translating business needs into technical ideas

SMART BLIND STICK – GITAM UNIVERSITY (AUG 2024 – DEC 2024)

- Built a smart blind stick prototype using Arduino Uno to assist visually impaired individuals.
- Used ultrasonic sensors for obstacle detection with feedback through buzzer and vibration motor.
- Explored real-world applications of embedded systems and sensor integration.

ACHIEVEMENTS & AWARDS

TAEKWONDO

- Black Belt (Dan-1), KUKKIWON, 2021
- National-Level Referee, Taekwondo, 2025
- Gold Medalist – Indian International Taekwondo Championship (Conducted by Kukkiwon), 2017
- Guinness World Record Holder – Largest Taekwondo Display (Conducted by Kukkiwon), 2017
- 1st Place – Open South Zone Taekwondo Championship, 2019 (National Level)
- 1st Place – Infino Taekwondo World Championship (Kyorugi), 2020 (State Level)
- 2nd Place – Infino Taekwondo World Championship (Speed Kicking), 2020 (State Level)

ACADEMIC COMPETITIONS

- Green Olympiad, 2019 – Participant
- Science Quiz, University of Hyderabad & Academy Trust, 2019 – Participant
- Math Quiz, CueMath World Cup, 2019 – Participant

COMMUNITY SERVICE

- Resource Mobilization for Humanitarian Causes, Indian Development Foundation, 2017
